Presents The

EMERGENCY NEUROLOGICAL LIFE SUPPORT

**6 - 7 February
Le Meridion, Al Khobar**

Course Director: Dr. Khaled El Sewify

Day 1 :ENLS Course

A comprehensive educational program designed to help healthcare professionals to improve patient care and outcomes during the critical first hours of a patient's neurological emergency:

- Review the early critical management of 14 key neurologic emergencies.
- ENLS demonstrates a collaborative, multi-disciplinary approach and provides a consistent set of protocols, practical checklists, decision points, and suggested communication to use during critical patient management.
- Achieve worldwide accepted ENLS certification from NCS society of USA after passing the online Exam.

Day 2 :Advance Neuromonitoring

- Neuro-critical U/S: Transcranial Doppler - Optic Sheath Diameter. (New)
- How to induce Hypothermia?
- Neuroimaging: U/S, MRI, CT and Perfusion Scan.
- Role of EEG in Neuro-critical Care.
- Non-Invasive Neuro-monitoring.
- Live EVD Insertion.
- ICP Monitoring.

Approved for:

Emergency, ICU, Anesthesia, Neurology and Neurosurgery departments staff including Physicians and Nurses.
